THE BEE HIVE

Reason Why!

No one can tell if they have gotten the full possibilities of carpet selection unless they have seen a full line of Carpets. One might be willing when too late to give ten dollars more for another carpet. You've had it happen perhaps. But why make such a mistake this spring? Carpets cost money and they make or unmake a room. Why not give the pocket-book and room all the chance there is? When the word is out that Hunt's have the biggest and best line of carpets in town, and facts confirm the statement, isn't it good business to come direct here and see for yourself? That's all we ask. We don't fear comparisons, we invite them.

Woven in one piece, reversible, highly attractive in coloring and all patterns are worked out in elaborate border effects. They are desirable center pieces over our carpets or matting, and prove serviceable coverings for an oil or varnished floor. Blue, green, red, tan.

PRETICE TILLER.

One of the Most Noted Crooks in the Country Captured at Omaha, Neb.

THERE ARE LARGE REWARDS FOR HIM.

Tiller Has a Long Record of Crime Against Him Extending Back for Nearly Twenty Years.

His Alleged Accomplice, a Man Named Fisher, Charged With Cincinnati Post Office Robbery, Is Also Under Arrest.

Omaha, Neb., March 30.—A man giving his name as John R. Hall, who was arrested in this city two days ago as a suspicious character, was Friday identified as Pretice Tiller, who is alleged to be the author of a host of crimes against the government and for whose arrest a number of rewards have been offered. It is said to originate several thousand dollars. His alleged accomplice, whose name is Fisher, is now under arrest at Hastings, Neb., and gives his name as Grant. Hall has confessed to the chief of police that on March 5 Grant and himself robbed the post office at Cincinnati of a draft for \$500, and it is for this crime that Grant is being held at Hastings. Tiller is known to the police throughout the country and is said to have operated in many cities of the south. The arrest of Hall or Tiller was made on information from Hastings. Friday night Chief of Police Donahue received a telegram from Cincinnati to hold Tiller by all means.

A Forged Draft.
Last Monday Fisher arrived in Hastings and attempted to cash a draft given by a bank of Piqua, O., in favor of George H. Grant. The cashier of the Hastings bank became suspicious and telegraphed the Piqua bank. The latter answered that the draft was a forgery and asked that the man be arrested, which was done. The police at Hastings learned that Fisher had sent a valise to Omaha by express and notified the Omaha police to arrest the man calling for it. This was done and the man proved to be Pretice Tiller. Fisher was brought to Omaha from Hastings by a United States deputy marshal and is in the city jail for safe keeping. Chief of Police Donahue received a telegram Friday evening from Wm. A. Pinkerton as follows:

"We congratulate you upon your arrest of Tiller and Fisher. You have two of the most desperate letter-burglars, bank sneaks and professional thieves in the United States. Hold them tight. Will write particulars."

A NATIVE OF LOUISVILLE.

Tiller Has Brothers and Sisters Living in That City—Is a Son of a Detective.

A reporter had interviews with both Tiller and Fisher. The latter refused to talk much. He denied completely in the Cincinnati post office robbery, however, and said he had been very little in Ohio cities. He did not deny his identity but refused to admit that he was the Fisher wanted in the United States. He said his name was Tiller and said his home was in Louisville, Ky., where he and his brothers and sisters living, but said his parents were dead. He is a man apparently 35 years old, dark complexion and is an easy talker. He said he has been charged with a great many crimes for which others were responsible. When asked to sign a confession draft, on which Fisher had tried to secure money at Hastings, he declined to say anything.

Has Served Time.
Tiller admitted having served penitentiary sentences for mail box robberies, but would not state where he had been in prison. He said his occupation was billing clerk in Cincinnati and Swift. He had no railroad freight and accounting offices in Cincinnati and Louisville.

He denied also having made a confession to the police of complicity in the Cincinnati robbery. When his attention was called to it he said it was the first time the matter had been mentioned to him by any one, and he did not understand how the report originated.

KNOWN IN ST. LOUIS.

He Stole More Than \$100,000 of the Funds of the Pacific Express Company There.

St. Louis, March 30.—Acting Chief Post Office Inspector Sullivan received a telegram from Inspectors Smith and Swift, St. Louis, that they had effected the capture at Omaha of John Hall, alias Pretice Tiller, one of the most notorious crooks in the country.

Tiller has a long record of crime extending back nearly 20 years but it was recently a bold and daring thief who stole more than \$100,000 of the funds of the St. Louis branch of the Pacific Express Co. He was captured by a mere chance but not before he had made away with \$100,000. Tiller was sentenced to a term in the penitentiary from this city.

Louisville, Ky., March 30.—Pretice Tiller was born and reared in Louisville and is the son of a former police detective. The police say Tiller never been arrested here.

GEN. YOUNG ARRIVES.

Thanks the Troops in the Philippines Can Be Brought Home in About Six Months.

San Francisco, March 30.—Maj. Gen. S. B. Young, who arrived from Manila on the transport Logan, said: "Gen. Young's expedition was remarkably brave, and he is deserving of the highest recognition at the hands of our government."

Gen. Young explained the effect of the capture of Aguinaldo on the situation in the islands said he believed the troops would have to be kept there but six months longer. He did not think it would be wise to bring them all away, however, for there was a large number of marauding bands throughout the islands who would have to be kept under subjugation. "It will take at least two generations," said the general, "to get the Philippines to understand the meaning of the government as we understand it."

HOUSE IN AN UPROAR.

Personal Encounter Between J. E. Leary and S. M. Blalock in Arkansas Legislature.

Little Rock, Ark., March 30.—In the Arkansas house of representatives Friday afternoon a personal difficulty occurred between Representatives J. E. Leary, of Lee county, and S. M. Blalock, of St. Francis county, over a local bill affecting Lee county. While addressing the house Blalock denounced as a false statement reflecting on him made by Leary in a speech. The latter then struck Blalock on the head with a cane. The men clinched and were engaged in a struggle when other members separated them and the sergeant-at-arms demitted peace. The affair threw the house into great confusion and it was some time before order could be restored and the proceedings resumed. There were no arrests.

WILL BE NO STRIKE.

The Miners in the Anthracite Coal Regions Will Remain at Work.

AT LEAST 143,000 MEN ARE AFFECTED.

The Conclusion Was Reached at a Meeting of the Executive Committee at Wilkesbarre, Pa.

The Circumstances Do Not Warrant a Strike at This Time—All Concessions Asked for Have Been Granted.

Wilkesbarre, Pa., March 30.—The threatened strike of 143,000 miners in the hard coal region will not take place. At a meeting of the executive committee of the United Mine Workers of America of three anthracite districts in this city it was decided that the men should continue at work.

The committee was given arbitrary power by the general association of miners held at Hazleton in the first part of the month to declare a strike if the circumstances warranted it. In the opinion of the committee in a lengthy address issued Friday evening and which was prepared by Mr. Mitchell himself the circumstances did not warrant a strike at this time. Mr. Mitchell made an address at the afternoon session of the committee which was conservative in the extreme. He spoke of his visit to New York and his efforts to meet interviews with the men who control the anthracite coal trade.

Future Outlook Bright.

He said all the concessions asked for had not been granted but the outlook for the future was bright and it was his opinion that the day was not far distant when the operators of the anthracite region would see that it was to their advantage to meet the miners in joint conference. It took some time and hard work before the bituminous operators would consent to meet their miners, but they eventually did.

Some members of the committee, so it was said, were in favor of pursuing a radical course on the ground that the operators did not recognize the miners' union upon the opportunity would be lost forever. President Mitchell, however, soon convinced the committee that a conservative course was the only one to pursue at this time.

A number of coal operators when shown the statement issued by the committee said it was a graceful withdrawal on Mitchell's part, but they gave the president of the mine workers credit for his conservative policy. It is concluded that he had no desire he could have made a great deal of trouble.

Miners Are Well Pleased.

On the whole the miners are well pleased with the action of the committee. While they were ready to strike, had the order been given, they are just as well pleased that no lock-out is to occur. There is general rejoicing among the miners and the news. The suspense of the past two weeks had a tendency to paralyze trade, but now a big boom is looked for. The happiest man in town Friday night was E. S. Phillips, of Hazleton priest, who did so much to bring about a peaceful settlement of the differences between the operators and miners. He said:

"Well, there is everything to be thankful for, a strike would have meant much misery to all classes."

FIVE INCHES OF SNOW.

The Storm Covered the Entire State of Nebraska and Part of Iowa.

Omaha, Neb., March 30.—Five inches of snow has fallen since midnight. The storm covers the entire state and parts of Iowa extending north of Sioux City and west to the Wyoming and Colorado. Incoming trains on the Union Pacific were three hours late and other railroads report considerable delay.

In Omaha the street car service is badly hampered, especially on the Council Bluffs line, where it was nearly suspended.

The snow is heavy and unaccompanied by wind. The temperature is above the freezing mark.

Insurgents Surrender.

Manila, March 30.—After being convinced of Aguinaldo's capture Gen. Gerónimo, the insurgent leader in the province of Morong, Luzon, surrendered with 6 officers, 40 men and 3 rifles to Col. J. Milton Thompson, of the 13d regiment, at San Mateo. As the news of Aguinaldo's capture spread through the archipelago the insurgents are becoming disheartened, and there is a marked increase in the number of individual surrenders.

Sympathy for Aguinaldo.

London, March 30.—The Saturday Review says: "The news of the capture of Aguinaldo may be welcome, as menning the end of a war which is still causing rising and falling prosperity in the Philippines; but for Aguinaldo himself, whose capture was effected by a gross act of treachery, there must be general sympathy."

Highest Price Ever Paid.

New York, March 30.—A sent on the New York stock exchange was sold for \$55,000, which is \$5,000 more than the highest price heretofore paid.

INSANE FATHER'S DEED.

He Killed His Three Little Children and Then Stabbed Himself to Death.

Devil's Lake, N. D., March 30.—Emil Ziegler, a well to do farmer living eight miles northwest of town, killed his three children and stabbed himself to death Friday afternoon. He went to the barn accompanied by his little daughter Della, aged 7, and Lily, aged 5. As he did not come to dinner his eldest daughter, Esther, aged 9, was sent to call him. It is thought that before she reached the barn her father had killed Della and Lily and that he killed her as soon as she came in. Esther was a strong girl and evidently offered resistance as she was stabbed in several places and horribly mutilated. Both the other children were killed with a knife. Emil Ziegler was sent to the insane asylum about ten o'clock but he refused to return home apparently fully recovered.

AN EXPENSIVE BLAZE.

Jefferson Hotel, Richmond, Va. Erected and Furnished at a Cost of \$1,000,000, in Ruins.

Richmond, Va., March 30.—The Main street front of the Jefferson hotel, this city, which was erected and furnished by the late Lewis Clark at a cost of \$1,000,000, was destroyed by fire. The magnificent structure covered half a block in the ultra fashionable part of the city and was built of buff brick with granite foundation.

The flames were discovered in the upper part of the Main street side at midnight and in a short time that part of the building was a roaring furnace. As far as can be learned no lives have been lost, though there were great difficulty in getting out some of the guests.

There were in the hotel many works of art, including Valentine's marble statue of Jefferson, which stood in the Franklin street court.

FAST FLYING TRAINS.

Experiments With Electricity Demonstrate a Speed of 125 Miles An Hour Can Be Attained.

Washington, March 30.—Experiments in the flying electric train between Berlin and Hamburg, Germany have demonstrated that a speed of at least 125 miles an hour can be attained without difficulty. Consul General Guenther at Frankfurt, in a report to the state department on this subject, says that the high rate of speed has placed surface cross-overs out of the question. The result of the experiments is to be a line 156 miles in length from a point adjoining the city of Berlin to a station near the city of Hamburg. Its estimated cost is \$33,000,000.

Capt. Rockwell Relieved.

SYRUP OF FIGS.

NEVER IMITATED—NO QUALITY.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing Figs are used as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the company printed on the front of every package.
